Powering business.

## WHO WE ARE

Fame Logistics was originally registered as a customs house agent in 1987, we have since grown to become one of the most pre-eminent names in Freight Forwarding, customs brokerage and Logistics in Ghana. Our headquarters is located at the House of Fame building in Tema.

We are a wholly Ghanaian owned business and our dynamic management team is led by our Managing Director, Mr. Frank Sarpong, who also is a former president of the Ghana Institute of Freight Forwarders (2008—2012). He has served on numerous boards and committees helping further growth and shaping the course of logistics in Ghana.

## STRATEGY

**MISSION:** Fame Logistics Ltd. will be the industry leader in Logistics and Supply Chain Management in Ghana.

In doing this, we seek to prioritise and exceed customer expectations and enabling growth of all our clients and partners by providing fact based and exceptional solutions for all logistics and supply chain needs. This we believe is the lifeline of our own success.

**VISION:** To be a single source company with dedicated expertise in the entire end-to-end spectrum of the supply chain of products.

Our ultimate goal is represent the hallmark of excellence and leader in customer satisfaction in the logistics and supply chain management industry both local and international. We strive to be a single call company providing expertise handle all supply chain related requests of clients while constantly evolving and improving our services.

## VALUES

**People:** At Fame Logistics, we believe the two most important element of our operations and growth is encompassed around “The People”. The People comprise of our staff & our clients. The utmost satisfaction of these elements is paramount at Fame Logistics.

**Exceed Expectations:** To go the extra mile is doing the bare minimum at Fame Logistics. Our ultimate reward is in overall satisfaction of our clients.

**Integrity:** For over 30 years in the industry, the integrity of our staff & management is one that has never been held in question. This has translated into the goodwill & respect we enjoy today from all industry stakeholders.

**Continuous Improvement:** Here, we believe the day we stop improving is the day we begin to die off & become irrelevant. There is always more that can be done & we make sure we do it.

**Professional Service:** The warmth, respect and care we attribute to the service of our clients and relations with our partners is second to none. Our staff understand we represent the brand & must be professional in all our duties.

**Mutual Growth:** We are only as successful as far as our clients and partners are. Mutual benefit & growth is one of the cornerstones of our business & is entrenched in how we conduct business.

**Business Objective:**

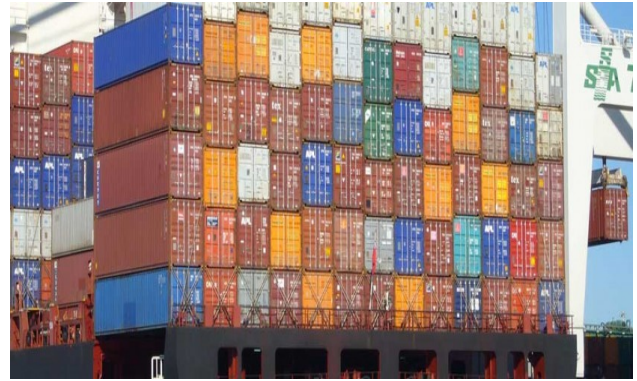

Is to offer single source for supply chain management and logistics services to our clients, making us part of their operation without deviating from their core mandate or operation.

Create value through unrivalled customer service, cost reduction and risk management in our operations.

## WHAT WE DO

**Customs Clearance:** Our first class licensed Customs House Agent status offers our clients with cost effective clearing services of full container loads and less than container loads, avoiding as much as possible, demurrage and further rent. We also arrange pre-financing for clients at a good negotiated interest charge, subject to terms and conditions.

**Freight Forwarding (Ocean & Air):** As part of our services, we provide booking and sale of competitive freight rates on both air and sea shipments. Our partnerships with the foremost shipping lines and airlines make it easier of us to acquire very competitive rates while not undermining safety, security and speed of delivery of the cargo.

**Trucking:** We operate reliable trucking services and have pick-up and transportation solutions for less than container load (LCL), Full Container Loads, project and uncontainerized cargo and bulk cargo. Our well maintained fleet of 40-foot trailers are manned by professional drivers who understand that every cargo lifted is their total responsibility until final delivery. We offer Goods in Transit insurance terms which guarantees clients in the case of an accident.

**LCL Consolidation:** We also offer consolidation services via both sea and air modes to various parts of the world, in collaboration with our worldwide partners in over 2000 sea and airports. We ensure cargo reaches every corner of the world in the most cost effective and efficient manner while we regularly advise the position of your cargo, using our in-house cargo tracking system.

**Warehousing:** Our dedicated warehouse on our premises, allows our clients ease of handling their imported or export goods and providing integrated warehousing solutions and central cargo point for consolidation, packing and crating. Our warehouse is safe and secure and goods are segregated allowing efficiency and avoiding unnecessary delays. We are capable of handling packages in need of bar-coding, re-packaging, labelling, quality inspection and other value added services.

**Project Cargo:** We have a competitive edge when facilitating, clearing and transporting cargo of heavy lift and high value nature, critical for projects. We have provided efficient solutions for heavy lift cargoes both nationally and across international borders. Over the years we have provided solutions for clients in the mining, construction, oil and gas and the energy industries.

**Cargo Insurance:** Our marine and airfreight open cargo policy allows clients insure cargo and get worldwide all risk cover. Please note that our liability is limited to that as stated in the standard trading conditions of the Ghana Institute of Freight Forwarders. As a member of a world renowned freight forwarders and cargo lifters we enjoy preferential insurance rates as we have partnered with IMI Cargo & Security Cargo Network.

**Supply Chain Management Consulting:** With in-house expertise in the field of Supply Chain optimization we possess an added advantage to serve our clients in the full spectrum of the supply chain. We utilize an approach that provides bottom line impact spanning from suppliers, production, physical logistics and transportation and the end-user. We help clients overcome typical supply chain challenges like supply chain auditing, planning, dealing with demand and supply uncertainty and strategies to employ. This allows our clients the flexibility to manage their businesses while we manage their supply chains.

Thank you for taking the time to go through this business profile. Please contact us for any questions, comments or inquiries.
